

QUALITY IS KEY

HIGH QUALITY FINISH, DURABLE
MATERIALS, ERGONOMIC CONTROL
LAYOUT, AND EXCEPTIONAL COMFORT
AND VISIBILITY FROM THE DRIVER'S SEAT.

This is probably why there are more than 500,000 Deutz-Fahr tractors in operation today, including around 300,000 in Germany – which is an extremely demanding market.

Farmers and contractors want economical, reliable machines that are simple and efficient to operation and that make them be more profitable.

That's why Deutz-Fahr concentrates on the four essentials – powerful and economical engines, seamlessly functioning transmissions, maximum hydraulic capacity, and comfortable cabs with intuitive controls.
